NEW PSYCHOACTIVE SUBSTANCES

– THE HIGHS AND LOWS

CONFIRMED TOPICS:

The Web Revolution | On-line Purchasing | Customs Seizures | Staying Within the Law
Swedish STRIDA Project | Current Trends | Designer Benzodiazepines | Ethylphenidate and New Alternatives
Pharmacology and Toxicology | Routine Clinical Screening | Synthesis of Spice Metabolites | Rapid Detection
Single Injection Quantification | NPS in Oral Fluid and Hair | WEDINOS Project | Quantum Spice Project

Hosted by:

NEW PSYCHOACTIVE SUBSTANCES

– THE HIGHS AND LOWS

nal von minden – your partner for professional diagnostics, and Chiron – a world leader in chemical reference materials, have joined forces and organised an expert conference dedicated to this topic for you.

Around 20 internationally-acknowledged speakers will give talks on the subject of so-called 'legal highs'. Under the title "New Psychoactive Substances (NPS) – The Highs and Lows", the most up to date findings on the following topics will be discussed:

- Metabolism of various legal highs in the human body
- Detection in different sample matrices
- The social aspects of this new drug culture
- Current legal situations and perspectives

The Hotel Maritim in Munich will provide the perfect setting for our event on November 12th and 13th 2015. Interested? For detailed information and more, please visit www.munich2015.com or contact sales@chiron.no.

CONFIRMED SPEAKERS:

Dean Acreman | Volker Auwärter | Matilda Bäckberg | Werner Bernhard
Lana Brockbals | Jenny Button | Michael Böttcher | Rudi Fortson | Sara Harkai
Jon E. Johansen | Martin Josefsson | Jean-Francois Julien | Bjoern Moosmann
Harald Müller | Claire Parks | Mike Power | Alberto Salomone | Michael Uhl
Georg Weinfurtner | Torsten Winkler
